WORK OF A FIEND.

Horses Poisoned or Fed Cut Glass—One of Them Died.

Superintendent O'Brien, of the Southern Railway, was in Chatham, Va., yesterday, returning to the city last night. Robinson's show exhibited there yesterday and Mr O'Brien reports that several of the show horses were taken violently ill in the forenoon and that one fine mare died. Others suffered intensely and it was thought some of them would die.

Showmen think some fiend administered strong poison or cut glass in their feed. It is a mystery who could have been so cruel as to thus inflict punishment on dumb brutes, and there is no clue to the villain. One of the miniature ponies suffered intense agony and its groans were most pitiable. A rope around the neck of the fiend would be good enough.

Narrow Escape From Fire.

Mrs. T. M. Pickard was moving a sofa in her room yesterday when a roller struck a match, which set fire to the sofa trimmings. It burned like powder, but with good sense and nerve Mrs. Pickard pluckily went to work and put it out, instead of running, screaming and calling for help. The residence is a new and handsome one and we congratulate Mr. Pickard on his wife's bravery in saving the new home from great damage, or total destruction, by fire.

WAR IS ALMOST CERTAIN.

THE SITUATION IS HOPELESS

Unless Great Britain Recede From Her Present Position, Which is Very Improbable.

By Cable to the Telegram

New York, Sept. 16—The Journal's special from Pretoria states that the official summary of the Boers' reply to Great Britain's ultimatum, given out today, says that the government has withdrawn its assent to the joint inquiry into the franchise question. It says further that the proposition of England would not have been originally accepted but for the belief that it was a bona fide attempt to settle all questions at issue between the two countries and lead to a final settlement, Great Britain agreeing to forego her claims of sovereignty and to consent to definite plans of arbitration. The tone of the reply throughout is defiant. All commandants of field cornets have been ordered to supply immediately plans and specifications, showing number of men available for field service and points where they can be concentrated.

TRANSVAAL'S REPLY APPROVED.

London, Sept. 16—Dispatches from diplomatic agents at Bloemfontein today state that the Orange Free State approves the Transvaal's reply to England's ultimatum.

WARLIKE YOUNG BOERS.

Cape Town, Sept 16—Further telegrams from Pretoria today confirm the reports that the reply of the Transvaal does not accept the demands of Great Britain. Great excitement prevails at Pretoria over the consequences that may arise. Young Boers are asking to be led to the field immediately.

CONFIRMED AT LONDON.

London, Sept 16—Official advices from Pretoria confirm the statement that the Transvaal's answer refused to agree to Great Britain's demands. The situation is regarded as hopeless unless great Britain recedes from her present position. Two republics agree that the Transvaal should not make further concessions. It is believed the Boers will be supported by all the Africanders of South Africa.

WILL FIX HIM GOOD.

The Negro, Bill Evans, Wanted for Other Offences.

Bill Evans, one of the negroes jailed for breaking into Engineer Atkinson's house, it seems, will have other charges to answer for. A negro answering his description exactly was out in the country a few days ago and entered the residence of Mr. Shaw, a farmer, living below the county home and carried away a number of small articles, one of which was found on him when arrested. It is an earbob and has been identified by a member of Mr. Shaw's family.

At the time the house was entered Mr. Shaw was in the field, the family were all out and a child entering the house saw the negro and ran to inform Mr Shaw. The negro escaped, but the child who saw him gives a description of him that fits Bill Evans exactly.

Southside Hose Company, Champions of the State.

With pardonable pride the Telegram presents its readers today with an excellent picture of North Carolina's Reel Champions, the handsome and ruddy-faced victors of the thrilling contest at the tournament last month which carried defeat to the banners of the eastern athletes and transferred the belt of victory to western keeping. In the blush of splendid manhood, of stern and stubborn physique, tough and sinewey, their muscles like bundles of corded steel, the Southside boys wear their nobly-won laurels with the dignity becoming them, and the gauntlet is thrown to the valiant fire laddies from the Atlantic to the Appalachian A day's ride could not find a handsomer array of those manly qualities which are required to snatch victory from such formidable foes as hitherto owned the belt.

The Southside Hose Company was organized in 1892 by J. H. Phipps and Geo. W. Pritchett. In 1998 it was reorganized into a stock company with 20 members. They have entered thirteen races and won 80 per cent. of them. They own the championship belt, which was won in 49 seconds, lowering all previous records 4 2-5 seconds. Of the nine races won by the Southsiders, the state record was lowerd in all of them. They own property valued at $1,500, virtually given them by the citizens of Greensboro.

The running team is composed of the following young gentlemen: Geo. W. Pritchett, captain; H B. Donnell, L L. Glascock, Ed Mendenhall, Jack Love, Chas. Brower, Vic. Kirkman, H. Reynolds, Ross Fentress, Eugene Stack, Chas Mendenhall, E. May, Geo. Kirkman, and Will McAdoo. The latter was out of town when the photograph of the team was taken. He is one of the finest members.

The photograph from which the cut is made is the work of Alderman, of this city.

THE OUTLOOK IN KENTUCKY

Senator Blackburn Very Well Pleased With the Situation.

PROPOSITION OF COL. TILLMAN

Of South Carolina has been Acceded to by the War Department—Col. Tillman to be a Captain.

Special to THE TELEGRAM.

Washington, Sept. 16—Senator Daniel, of Virginia, is in the city for a few days. He came here Thursday morning, it is said, partly for the purpose of meeting Ex-senator Blackburn, of Kentucky, who is also here. The Virginia senator has been invited to speak in the Kentucky campaign in behalf of the Goebel ticket, and it is understood that he has accepted the invitation, and the object of the meeting between the senator and Ex-senator Blackburn was to arrange the details for the former's participation in the campaign.

Senator Blackburn is very well satisfield with the outlook in Kentucky, and stated Friday when seen at the Riggs hotel, that he is of the opinion that Goebel and the remainder of the state ticket will be elected. He says the democracy is strong, and that the opposition in the democratic ranks has been considerably magnified. The democrats of Kentucky, says the ex-senator, are making their campaign upon the Goebel election law, the McCord railroad commission bill, and the anti-trust bill. The real opposition to Goebel, says the senator, is on account of his opposition to the Louisville and Nashville railroad.

Mr. Blackburn believes that the election of Goebel is assured, and that he will prove to be an efficient and popular state executive. He says that he regards his own re-election to the senate as also assured, and that he has gone into this campaign for Goebel to win, and that he has no fears as to the result. Kentucky, he says, is a democratic state, and that there are not enough bolters in the party to imperil the chances of the democratic state and legislative tickets this fall.

Col. G. E Korst, of Galveston, Texas, who is proprietor of one of the largest hotels in that thriving city, is in Washington for a few days. He says that business in Texas is very good, and that the state is destined to become one of the greatest and most influential in the union.

In speaking of the state politically, Mr. Korst says that Texas is overwhelmingly for Bryan, and that he will get the delegation it sends the next democratic convention. There is some little opposion among democrats, he says, to the silver platform, but this opposition will not be sufficent to seriously injure Bryan in the state. As to the senatorial race, Mr. Korst is of the opinion that Baily wil defeat Senator Chilton. Bailey, he says is a man of much eloquence, and has a decided advantage over Senator Chilton in that respect.

Dr. Frank C. Boyle, a prominent young physician, of this city, died suddenly in this city Monday morning. He had been sick less than one week, with diphtheria, but his condition was not regarded as serious until last Sunday, when he took a sudden change for the worse.

Dr. Boyle was born in Missouri, but came to Washington in 1887, and graduated from the medical school of Columbia University in the class of 1893 After his graduation he became a member of the staff of the Children's Hospital, and subsequently engaged in private practice.

In 1890 Dr. Boyle married Miss Fannie L Burnette, of San Antonio, Texas, where her parents reside. It is likely Mrs. Boyle will return to her parents to reside. He left no children.

The war department has, it is announced, acceded to the proposition of Col. J. H. Tillman, of South Carolina, and Chief Woodbury, of Minnesota, to form an Indian regiment for service in the Philippines as scouts Col. Tillman, who is a son of Ex-representative Tillman, of South Carolina, and a nephew of Senator Tillman, will be given a captaincy in the new regiment

Gov. Bloxham, of Florida, is among the distinguished personages in Washington city. The governor is here on business of interest to his state.

RETURNING FROM ASHEVILLE

Officers of Different Railway Systems Here Today.

The fast mail train, No. 36, was fifteen minutes late today, but when it pulled up to the new Elm street station bystanders did not wonder at its being a little late, for the engine had thirteen coaches hung to it. The fact was mentioned and a train man remarked that that was not the cause, as it had been making up time since the three extra coaches were put on at Salisbury.

The private cars of J. R. Kenly, general manager of the Coast Line, W. G. Elliott, president of the W. & W. and other lines, W. H. Wells, chief engineer of the Southern, and Col. B. Andrews, vice-president of the Southern, were in this train, and these officials were returning from Asheville, where they have been attending the hearing in the railway tax assessment cases.

THE A. & M. COLLEGE.

President Winston, of the Agricultural and Mechanical College, was particularly busy today, making arrangements for the building of two additional dormitories. There are now four dormitory buildings, and many students have remained in the main building. The college is all the while growing.—Col. Fred Olds in Charlotte Observer.

It is pleasing to see the interest Dr. Winston is taking in the A. & M. College at Raleigh. The usefulness of this very useful institution may be expected to expand to grand proportions under the supervision of such an able, broad-viewed and public-spirited educator as the ex-president of the University.

Dr. Winston's decision to abolish the preparatory department of the A. and M. College was, we think, the part of wisdom. It seems to be meeting with general commendation.

The following extract is from the Scotland Neck Commonwealth:

"President Winston has set a pace at the Agricultural and Mechanical College at Raleigh which ought to be followed by all high grade colleges in the State.

"It has been stated that twenty-five students who made application for entrance were refused because they could not stand the examination. President Winston proposes to have no preparatory department at that institution, and in this we think him wise. Indeed, we have long believed that preparatory departments ought to be abolished at all our colleges. There are many arguments in favor of this position. To allow preparatory departments in colleges brings these institutions in direct competition with the teachers whom such institutions send out to prepare young men for college work. Then, the very fact that a college maintains a preparatory department sets it down as no very high grade institution, but as a bidder for any and all who will come.

"But one of the strongest reasons for abandoning such preparatory departments is that the young men who go out to teach may have a chance at the patronage for training the young men and boys who have heretofore been taken into preparatory classes at the colleges.

"President Winston's action in abandoning the preparatory department will command the plaudits of those who have the true idea of academy, high school and college work."

With Goebel and Ex-Senator Blackburn and many other gifted orators, up to their eyes in the work, speaking day and night, the Kentucky political situation waxes warm. With the Democratic ranks strengthened by the addition of Virginia's rapier and North Carolina's sledge-hammer—John W. Daniel and Robert B. Glenn—the contest must wax to a degree of heat that will speedily frustrate and discomfort the blue-grass enemies of good government.

M'KINLEY'S INCONSISTENCY.

President McKinley daily receives letters, petitions and resolutions from various parts of the country urging his mediation in behalf of Dreyfus and suggesting that he tender his good offices in the pending dispute between Great Britain and the Transvaal. The administration will take no action, very properly holding that until the interests of the United States or the rights of her citizens are involved, it is not within the province of this country to meddle in the domestic or foreign affairs of other countries.

In the case of Dreyfus, or that of Great Britain versus the South African republic, McKinley is undoubtedly very correct.

The principle is a most excellent one. But why should His Imperial Jaggs wonder from this time-honored precedent and not only interfere in the affairs of other countries, but seek to deprive a patriotic and liberty-loving people of their liberties, which are as precious and sacred to them as our liberties are sacred and precious to us? The president's rule is on the principle of "whose ox is being gored." If he has such frail Monroe scruples as to forget himself and try to gobble up the Philippine Islands, which America doesn't want and doesn't need, he should not hesitate to demand of Loubet that he pardon poor Dreyfus, or that the clamors between Chamberlain and Oom Paul cease.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of the vital organs. If the liver is inactive you have a bilious look; if your stomach is disordered you have a dyspeptic look; if your kidneys are affected you have a pinched look. Secure good health and you will surely have good looks. "Electric Bitters" is a good alterative and tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at C. E. Holton's drug store. 50 cents per bottle.

SENSITIVE WOMAN.

There is a wonderful little tropical plant, the mimosa or sensitive plant as it is called. The curious thing about it is that if you pinch any part of the root or the stem, all the delicate little branches and fragile leaves will curl up and shrink together as if they had been blighted with a sudden frost.

Woman's delicate and sensitive organism is remarkably like this little plant. If the very roots of a woman's life are injured or diseased, her whole being suffers, both physical and mental. She shrinks within herself and covers up her sufferings enduring all in silence as best she may.

"My son's wife had been for years a great sufferer; all broken down and very weak and nervous," says Mrs. Betsey M. White, of Stonycreek, Warren Co., N. Y. "She was troubled with all the pains and aches one slender could endure. She took everything she heard of, hoping to get help, but in vain. The doctors said she could not live to have another child as she came near dying so many times. She tried Dr. Pierce's Favorite Prescription and it did wonders for her.

"This spring she had a nice boy weighing eleven pounds; she got through before we could get anyone there. I was afraid she would not live. We cried for joy when we saw how nicely she got along. I cannot say enough in praise of your 'Favorite Prescription.' I never sent a recommendation of a medicine before. I hope all women will try it. May God bless you for the good you have done."

Any woman may write to R. V. Pierce, M. D., of Buffalo, N. Y., in absolute confidence. Her communication will be thoroughly and earnestly considered and she will receive sound, professional, fatherly advice (in a plain sealed envelope) free of charge.

KILLED WITH AN AXE.

One Farmer Murders Another Near Shelby.

A homicide occurred yesterday six miles from Shelby. Bert Beam, a farmer, killed Dan Grigg, another farmer.

Grigg's son went to the house of Beam, and a quarrel ensued about $2 Grigg then ran up and threw a big rock at Beam and started toward him, knife in hand. As he neared Beam, the deceased stooped to pick up a rock, and at that instant Beam struck him on the head with an axe, which he picked up, and death followed in half an hour Beam was cutting stove wood in front of his door when the fatal quarrel occurred.

The affair is regretted, as both parties have good connections.

WINE OF CARDUI

Woman's Crowning Virtue.

BELTON, Mo., July 27.
For years I suffered terrible pains every month and my doctor told me I could not be cured except by an operation. I felt I could not submit to that and was so despondent I had given up all hopes of a cure. My husband insisted on my trying Wine of Cardui and at last thank God I did try it. Last month I did not have a pain, and did all my work, which I had not done in seven years.
MRS. MINNIE LITTLE.

McELREE'S Wine of Cardui

Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure "female troubles" in the quiet of their own rooms. If special treatment is required they can write to the Advisory Department of the Chattanooga Medicine Co., and their letters will be promptly answered by women trained in the cure of womanly weaknesses and irregularities. There should be no hesitation. Delayed treatment means a chronic condition. The longer postponed the harder to cure.
